INTRODUCTION & PURPOSE OF PLAN

This plan outlines the procedures to be used on campus in a crisis situation. It defines a number of crisis response teams, responsibilities of the various teams, communication channels, guidelines for a variety of emergency situations, and vital contact information for internal and external resources.

The plan does not encompass all types of crisis situations; however, the advanced planning done in its preparation and related training should help facilitate calm, quick, and thorough responses should a crisis situation arise.

OBJECTIVES

The objectives of the crisis management plan:

- Minimizing loss of life or injury
- Minimizing damage to property
- Meeting the vital human service needs of students and employees
- Protecting documents and records
- Communication accurate facts to constituents and the public

FIRST POINT OF CONTACT

The first point of contact in a crisis situation should normally be to the Operations Coordinator Casey Hunsucker x 2353 (317-258-1185 after hours) AND 911 (if appropriate). (Alternate Lisa Moeller 859-816-0010)

The Operations Coordinator will immediately contact emergency personnel if appropriate, the Vice President of CPS Admissions at 260-414-8021 AND appropriate Crisis/Emergency/Safety Team personnel.

The exception to the above is Computer Emergencies. The first point of contact should be a high priority stat ticket or dial 317-466-2121 x2769.

DEFINITION OF A CRISIS

A crisis is any situation or event that has a real or potential major impact on, or significant disruption to, the operations of the campus as a whole. Examples of such situations may include: environmental crises such as severe damaging storms, tornado touchdown, extreme snow and ice conditions, or earthquake; accidental crises such as campus-wide utility failure, large-scale building fire or behavioral crises such as bomb threats, threatening criminal actions, violent demonstration, or hostage situations.

Generally a crisis does not include student or employee disciplinary incidents, an individual accidental injury, or isolated damages to facilities. Such situations will

be handled through normal operating procedures unless there is some unusual aspect to the situation that would affect the entire campus and need to be handled as a crisis.

CRISIS GOVERNANCE

The president has designated a Crisis Management Team and individuals in key roles for helping the university respond to a crisis.

It is understood that if it is necessary to utilize off-campus emergency agencies to control the crisis, the university will request immediate assistance from local police and fire departments.

MAINTAINING THE PLAN

The Crisis Management Plan will be reviewed and revised on a periodic basis – or any time deemed necessary by a significant change in university operations or structure.

Training sessions for appropriate employees, staff, and students will be conducted periodically to ensure the awareness of the plan and to test readiness and functionality of the plan.

All individuals' assigned responsibility with the Crisis Management Team are to keep at their disposal current detailed procedures to carry out their responsibilities.

MEDICAL AND FIRST AID SERVICES

Emergency Telephone Numbers: 911

Medical Emergencies

1. If serious injury or illness occurs on campus, quickly assess the scene for safety and immediately dial 911. Give your name and describe the nature and severity of the medical problem and the campus location of the victim. Whenever possible and available, a faculty or staff member should remain with the victim and send a second person for help.

Call Casey Hunsucker x 2353 (317-258-1185 after hours) AND 911 (if appropriate). (Alternate Lisa Moeller 859-816-0010) to report situation.

The Operations Coordinator will contact the Vice President of CPS Admissions at 260-414-8021.

2. In case of minor injury or illness, first aid/CPR trained and certified personnel should quickly perform the following steps:
 - a. Keep the victim still and comfortable. DO NOT MOVE THE VICTIM except if the scene is no longer safe.
 - b. Ask victim, "Are you okay?" and "What is wrong?"
 - c. Check breathing and give artificial respiration if necessary
 - d. Control serious bleeding by direct pressure on the wound
 - e. Continue to assist the victim until help arrives
 - f. Look for emergency medical I.D., question witness(es) and give all information to the paramedics

*Only trained and certified personnel should provide first aid treatment (i.e. first aid, CPR). Whoever provides first aid treatment should document their steps.

4. In cases involving loss of bodily fluids, appropriately trained staff should be contacted for cleaning and proper disposal of materials.

**SPECIFIC
EMERGENCY
PROCEDURES**

SECTION 1

WEATHER EMERGENCIES

Tornado

Severe Thunderstorm—characterized by high winds and dangerous lightning and thunder.

Tornado Watch—Means conditions are favorable to the development of tornadoes. Be alert to worsening conditions and be prepared to take shelter.

Tornado Warning—Means a tornado has actually been sighted or indicated on radar. The local signal is being sounded. **Take shelter immediately** and keep in mind:

1. Go to an interior hallway or room on the lowest floor of the building or to a designated shelter area
2. Stay away from windows, to avoid flying debris
3. AVOID auditoriums, gymnasiums and other large rooms, if possible

Building Coordinators or instructors will be responsible for directing people to safe areas.

Designated safe areas by building:

Louisville: Restrooms located in the center of the facility

Jeffersonville: Admissions Rep Office

Covington: Restroom on first floor and bathroom hallway

Evansville: Restrooms

Snow and/or Ice Emergency

Winter weather in Indiana is very unpredictable, and occasionally severe weather will create an unsafe condition, which requires the university to cancel classes. The decision to cancel classes is determined by individual campuses. In Fort Wayne, where classes are conducted during the day and evening, a situation could arise where classes could be canceled in the morning, but could be conducted on schedule in the evening or vice versa. Students should read and/or listen to cancellation reports carefully.

Students need to understand that classes are likely to be held even during times when driving conditions are not ideal. We encourage students to slow down and use caution even if that means arriving late for class. If conditions in your area are severe, use your own discretion when deciding whether to attend class.

In the event that classes are canceled, employees are still expected to report to work. However, the university does not expect employees to take unnecessary risks to report or remain at work. See the Indiana Tech Policies and Procedures.

The Indiana Department of Homeland Security has provided a county status travel map with 3 levels of advisories. This information may be helpful to employees when deciding whether to report or remain at work during severe weather.

In Kentucky, the following link can be followed to get the latest on the state's travel and weather advisories.

Cancellation Information

Indiana Tech uses Blackboard Connect to communicate information about weather-related campus closings and other emergencies quickly and accurately through:

- * Text messages
- * Voice messages
- * Email

- * Facebook

- * Twitter

You do not need to sign up for this service; all current students, faculty, and staff are automatically included.

Staff, faculty, and students should regularly review the communication preferences in Blackboard Connect to ensure that the contact information is kept up to date.

Please note that the most detailed information will be available on the Indiana Tech website.

Whenever possible, the Indiana Tech College of Professional Studies will decide whether to cancel classes no later than:

- * Sunday through Thursday – 4:00 pm

- * Saturday – 7:00 am

SECTION 2

NATURAL DISASTERS

Earthquake

1. IF INDOORS, seek refuge in a doorway or under a desk or table. Stay away from glass windows, shelves, and heavy equipment.
2. IF OUTDOORS, move quickly away from buildings, utility poles and other structures. Caution: Always avoid power or utility lines as they may be energized. Know your assembly points.
3. If in an automobile, stop in the safest place available, preferably away from power lines and trees. Stop as quickly as safety permits, but stay in the vehicle for the shelter it offers.
4. If an emergency exists, activate the building alarm. If the alarm fails to go off in the building, report the emergency by telephone.
5. When the building evacuation alarm is sounded, walk to the nearest marked exit and ask others to do the same.
6. After the initial shock, evaluate the situation, and if emergency help is necessary, call 911. Protect yourself at all times and be prepared for after-shocks.
7. Once outside, move to a clear area at least 500 feet away from the affected building(s). Keep streets, fire lanes, hydrants, and walkways clear for emergency vehicles and crews.
8. DO NOT RETURN TO AN EVACUATED BUILDING unless told to do so by local police, building coordinator, maintenance staff or senior leader.
9. Following the evacuation, report to your designated assembly point and remain there until attendance can be taken by the building coordinator to account for all building occupants.

Fire

Upon receiving a call or noticing a fire or smoke, the following guidelines should be followed:

1. Evacuate the facility by asking all instructors/students to leave the building.

Call 911 and report the fire. Casey Hunsucker x 2353 (317-258-1185 after hours)
AND 911 (if appropriate). (Alternate Lisa Moeller 859-816-0010)
The Operations Coordinator will contact the Vice President of CPS Admissions at
260-414-8021.

2. Local fire and police, in conjunction with other management personnel, will inform students/faculty/staff when they may return to the buildings.

SECTION 3

TERRORISM/ THREATENING DISASTERS

Bomb Threat

It is important to mention that all bomb threats should be taken seriously and they are prohibited by law. If violators are identified, they will be criminally prosecuted.

The average bomb threat lasts only eight (8) seconds. Therefore the following four questions are extremely important.

Indiana Tech employee procedure

For bomb threat reported directly to you.

- 1. Where is the bomb located?**
- 2. What time will it go off?**
- 3. What does it look like?**
- 4. What is your name?**

5. Immediately, after the caller hangs up and if the bomb is located in your facility, you should immediately exit the building and activate the manual fire pull station as you exit. **DO NOT HANG UP YOUR PHONE.** Leave it off the cradle on the desk.
6. It is important **not** to mention the bomb threat to other employees as this may create a panic situation.

Go immediately to the nearest facility and dial 911 and have someone else in the facility Casey Hunsucker x 2353 (317-258-1185 after hours) AND 911 (if appropriate). (Alternate Lisa Moeller 859-816-0010)

7. Be prepared to provide as much detail as possible.

The Operations Coordinator will contact the Vice President of CPS Admissions at 260-414-8021.

8. Do not re-enter the facility until it has been determined to be safe by local police or the facilities manager.

How To Identify Suspicious Packages & Letters

Some characteristics of suspicious packages and letters include the following; however, these must be taken in the context of the mail processing setting.

- Package or letter may contain materials other than a letter, such as powder or liquid.
- Package or letter may bear restricted endorsements such as “Personal” or “Private”
- Package or letter may not have a return address, or one that is not legible.
- Addressee’s name or title may be inaccurate or it may be addressed to someone who is no longer at designated address.
- Letter may have excessive postage.
- Package or letter may feel rigid or appear uneven or lopsided.
- Package or letter may be sealed with excessive amounts of tape.

Suspicious letter or package emergency response procedure:

1. Do not handle any package that appears suspicious.
2. If the package is leaking liquid, powder or any other suspicious materials do not touch. Cover the suspected package with anything quickly available to minimize further contamination. Examples: cloth, jacket, trash can.”
3. Immediately notify nearby workers, leave the area, close and lock the doors, and keep others out of the area.
4. Go to the nearest sink and wash your hands with soap and water.
5. Contact emergency personnel by calling 911.

Call Casey Hunsucker x 2353 (317-258-1185 after hours) AND 911 (if appropriate). (Alternate Lisa Moeller 859-816-0010)

The Operations Coordinator will contact the Vice President of CPS Admissions at 260-414-8021.

6. Turn off the air handling system.
7. Restrict movement of potentially contaminated workers to minimize additional contamination to other people and or equipment.
8. Wait for emergency personnel to arrive for further instructions and possible decontamination procedures.

SECTION 4

HUMAN THREATS/ CRISES

Hostage Situation

1. Call the police: 911

Call Casey Hunsucker x 2353 (317-258-1185 after hours) AND 911 (if appropriate). (Alternate Lisa Moeller 859-816-0010)

The Operations Coordinator will contact the Vice President of CPS Admissions at 260-414-8021.

2. Stay calm and avoid taking risks that would endanger your safety and well-being or that of others.
3. Keep track of the following along with any other noteworthy information that may be of help to the police:
 - a. Nature of the incident
 - b. Location of the incident
 - c. Description of person(s) involved
 - d. Description of property involved
4. Assist police officers as requested when they arrive on site.
5. Should gunfire or discharged explosives hazard the campus, take cover immediately using all available concealment.

Violent or Criminal Behavior

1. Call the police: 911

Call Casey Hunsucker x 2353 (317-258-1185 after hours) AND 911 (if appropriate). (Alternate Lisa Moeller 859-816-0010)

The Operations Coordinator will contact the Vice President of CPS Admissions at 260-414-8021.

2. Stay calm and avoid taking risks that would endanger your safety and well-being or that of others
3. Keep track of the following along with any other noteworthy information that may be of help to the police:
 - a. Nature of the incident
 - b. Location of the incident
 - c. Description of person(s) involved
 - d. Description of property involved
4. Assist police officers as requested when they arrive on site
5. Should gunfire or discharged explosives hazard the campus/area, take cover immediately using all available concealment

Violent Crime Involving a Student

I. Violent Crimes Involving Students – Initial Response

In the instance that a student is involved in or victim of a violent crime, the appropriate officials from the university will respond to the situation.) Call Casey Hunsucker x 2353 (317-258-1185 after hours (Alternate Lisa Moeller 859-816-0010) She will notify the following individuals as appropriate:

- In every instance, the appropriate law enforcement officials will be notified immediately (i.e. police & ambulance).
- In every instance, Phyllis Hogan will notify the Operations Director. They in turn will alert any further members of the crisis management team as appropriate.
- The director of Creative Services will serve as the contact person for responding to the media. If at all possible, the name of the student(s) involved should be protected out of respect of the victim(s).
- Safety for the victim/campus community will serve as a primary focus for the initial response. If a situation should occur in a public atmosphere (i.e. in hallways, or other common areas of campus), law enforcement and staff will be responsible for diffusing the situation

and clearing the area of persons not actually involved with the incident. University officials may also be asked to assist law enforcement officials in clearing any areas.

III. Violent Crimes Involving Student – Response of the University (Media)

- The Director of Creative Services will develop a plan for providing information to the media. Considerations to keep in mind include:
 - Contacting university legal counsel
 - Who will be the contact person for the media
 - What information to provide – keeping the respect of the family in regards to confidentiality issues.

IV. Violent Crimes Involving Student – Response of the University

In the instance of a violent crime committed by or against a student, the Operations Coordinator will coordinate a campus response for the campus. In these instances, the campus director should initiate the following:

- Initiate disciplinary procedures for student, who following the collection of pertinent information is deemed a danger to the campus community. This could include the suspension of the student following non-academic disciplinary procedures as outlined in the Student Handbook. If a student is asked to leave the university, the following procedures will be followed:

The Vice President of CPS will immediately make the following call to university personnel who would most likely be involved with a student who may be a threat. (A probable list of personnel is provided. Others involved with specific students would be added.) This message will also go out in e-mail form to the same group.

(Student) has been dismissed from campus. He/she is not allowed to return to campus. I believe that there is a chance of danger to campus individuals so, if you see this student, you must call 911,) Casey Hunsucker x 2353 (317-258-1185 after hours (Alternate Lisa Moeller 859-816-0010) An e-mail is being sent to you to say what should be said and done if you see the student on campus.

The exact message for the police is this: a student, who was banned from the university, has returned to campus. We have been warned by the Director of Student Life that he/she poses a significant risk of harm to staff and students. Can you send someone immediately?

Give location. Give other information requested—student's name, Director of Student Life's name, etc.

Police can call Casey Hunsucker x 2353 (317-258-1185 after hours). (Alternate Lisa Moeller 859-816-0010)

The Operations Coordinator will then continue with the following procedures:

- Continue to follow up on the condition of victims involved
- Coordinate a report and investigation with cooperation of staff and others present at the incident
- Follow up to make sure that all instructors, classmates, staff at the university are informed of any necessary information.
